Cary High School
Rising 9th Grade Registration Form 2016-2017
Course Selection Worksheet

We currently offer two career academies for rising 9th graders: Microsoft Imagine Academy and Culinary Academy. To enroll in one of these career academies, please complete the appropriate application.

Use this worksheet to identify 8 primary course choices for your schedule. Keep in mind, we encourage all students to select the most rigorous course load possible.

Register for all of your core classes: (1) English I, (1) Science, (1) World History, (1 or 2) Math, and (1) Health/PE option. Use the remaining spaces to list your primary (first choice) electives and alternate choices. Include 3 or more alternate choices to account for scheduling conflicts and highly requested courses.

Counselors make every effort to enroll students in the courses they request. Please take your course selections seriously as we do not have scheduling flexibility in August to make course changes.
