

## Program Application: Health Science II (Honors)

*This upper level course focuses on the National Health Care Foundation Standards and the National Health Science Career Cluster Model pathways. It is designed to expand the student's understanding of financing and trends in health care agencies, fundamentals of wellness, legal and ethical issues, concepts of teamwork, and effective communications.*

**Name:** \_\_\_\_\_ **Date of Application:** \_\_\_\_\_

**Age:** \_\_\_\_\_ **Grade Level:** \_\_\_\_\_

**Final grade in HS I:** \_\_\_\_\_

Why do you want to take HS II?

---

---

What is your career plan post high school?

---

---

Part of this class requires job shadowing in the community. You would be responsible for coordinating your job shadow experience. Are you willing to contact health agencies on your own, or with some assistance? What health agencies would you consider pursuing for this?

---

---

---

Tell me about yourself (include any jobs, volunteer work, clubs, interests, etc):

---

---

Please describe why you think you should be considered for this class?

---

---

---

Is there anything else you wish to add/share?

---

**Please note: Job shadowing opportunities are secured by the student and the student is responsible for furnishing his/her own transportation to and from the site. Please have a parent sign below indicating their approval for off-campus travel during this course (more information will be provided upon approval for HSII)**
